ATHEROSCLEROSIS: *see* Vascular system; Heart
ATROPHIC VAGINITIS: *see* Uterus and vagina
AURAL: *see* Ear
AURICULAR FIBRILLATION: *see* Heart
AUTHOR INDEX to Volume XIII, 1033
AUTHORS, information for: *see* front advertisement section, each month
AVAZYME: *see* Drugs (chymotrypsin)
AWARDS (Grants)
— announcements of: *see* American Geriatrics Society, Awards
— recipients of Am. Geriatrics Society Awards for 1965, p. 938

B_1, B_2, B_6: *see* Vitamins
BACK: *see* Bones and joints
BACTEREMIA: *see* Blood; Infections
BACTERIA; BACTERIAL: *see* Infections; Drugs (antibacterial, antibiotic)
BACTERIURIA: *see* Infections; Urine; Kidney
BARIUM ENEMA: *see* Gastrointestinal tract
BASAL METABOLISM
— decline re constants of senile decay, 125
— effect of iodine or thyroid hormones on: *see* Thyroid
— in thyroid disorders: *see* Thyroid
BEDSORES: *see* Skin (decubitus lesions)
BEHAVIORAL DISORDERS: *see* Mental
BENDER-GESTALT: *see* Mental (psychologic tests)
BENDROFLUMETHIAZIDE: *see* Drugs (rauwolfia-bendroflumethiazide)
BETAMETHASONE esters: *see* Hormones
BIBLICAL literature re geriatrics, 360
BILENZYME: *see* Drugs (enzyme combination)
BILIARY TRACT: *see* Liver and gall bladder
BILIRUBIN clearance: *see* Liver and gall bladder
BISACODYL: *see* Drugs (bisacodyl, simethicone)
BLADDER
— gall: *see* Liver and gall bladder
— urinary: *see* Urine; Urinary tract; Kidney
BLOOD: *see also* Vascular system; Heart; and under constituent involved
— afternoon glucose tolerance testing: *see* Diabetes; Carbohydrate metab.
— anemia due to iron deficiency; cobalt-iron therapy, 425
— anticoagulants: *see* Drugs; Heart
— arterial blood gases and B.P.; effect of doxapram, 160
— ascorbic acid re cortisone glucose tolerance values, 924
— bacteremia, hospital-acquired, 973
— BEI: *see* Thyroid
— bromsulphalein and bilirubin clearance re aging adult liver, 594
— calcium: *see* Calcium
— chloride: *see* Electrolytes; Sodium
— cholesterol: *see* Cholesterol
— electrolytes: *see* Electrolytes; Potassium; Sodium
— eosinophilia in patients treated with pentazocine, 775
— erythrocyte sedimentation rate and hematocrit in the aged, 738
— erythropoiesis stimulated by androgens, 230
— flow: *see* Heart: Vascular system
— gases and doxapram, 160
— glucose: *see* Diabetes; Carbohydrate metab.
— hyper- or hypoglycemia: *see* Diabetes; Insulin; Carbohydrate metab.
— immune bodies: *see* Immunology
— insulin and insulin-like activity: *see* Insulin; Diabetes
— iodine: *see* Thyroid
— leukemia, chronic plasmocytic; anemia; multiple myeloma, 1017
— leukocyte count; long-term effects of perphenazine, 253
— PBI: *see* Thyroid
— picture in senectus praecox, 650
— potassium: *see* Potassium; Electrolytes
— pressure: *see* Vascular system (hypertension); Heart
— proteins in mult. myeloma, 1017
— proteins: *see also* Protein
— sodium: *see* Sodium; Electrolytes
— sugar: *see* Diabetes; Carbohydrate metab.
— syphilis: *see* Syphilis
— tetracycline levels in normal males; enhancement with chymotrypsin-tetracycline prep., 708

— transaminase (SGOT-SGPT): *see* Enzymes
— transfusions and i.v. therapy; reactions to in elderly patients, 973
BOLUS: *see* Food
BONES AND JOINTS
— back pain, low, and sciatica in elderly patients; arthritis, osteoporosis, trauma, 80
— bone marrow; chronic plasmocytic leukemia; mult. myeloma, 1017
— cervical spondylosis; treatment, 261
— fracture of hip in aged Puerto Ricans; sex ratio, 805
— musculoskeletal disorders, noninfectious (incl. arthritis and osteoporosis), treated with betamethasone esters, 275
BOOKS RECEIVED, 477
BOWEL: *see* Gastrointestinal tract
BRAIN: *see also* Mental; Nervous system
— a CNS and respiratory stimulant, doxapram; EEG's; blood gases, 160
— akathisia, phenothiazine-induced; effects of trihexyphenidyl thereon, 920
— amyloid deposits, 199, 718
— aortography problems in the aged, 3
— blood flow and aging, 192
— cerebral arteriosclerosis: *see also* Vascular system
— cerebral disease, severe; eval. of gastrostomy in care of patients, 270
— cerebrovascular accidents; delayed effects on electrolyte homeostasis in the aged, 781
— cerebrovascular amyloid in presenile and senile states; fluorescence microscopy, 199
— cerebrovascular disease; rheographic eval. of cerebral and ocular circulation in, 35
— cerebrovascular insufficiency and eye changes in the aged, 398
— chronic brain syndrome; ethimivan in management, 550
— chronic brain syndrome: *see also* Mental
— echoencephalography, diagnostic, 887
— hemiplegia; principles of rehabilitation, 542
— in the aged; cerebral and cervical vessels; aortography problems, 3
— learning and recall scores; age differences for, 639
— leukotomy and lobotomy in aged psychiatric patients, 742
— narcolepsy (EEG studies) and diab. hyperinsulinism in American Negro; therapy; diet; social and public health aspects, 852
— narcolepsy; EEG's; in patients with leg cramps due to diab. hyperinsulinism; mult. sclerosis tendency, 602
— neurology and psychiatry of old age, 108
— neuropathologic findings in psychiatric and "normal" senility, 113
— parkinsonian symptoms during long-term treatment with perphenazine, 253
— parkinsonism, geriatric; comparison of trihexyphenidyl (Artane) and orphenadrine (Disipal) in treatment, 756
— parkinsonism, phenothiazine-induced; effects of trihexyphenidyl thereon, 920
— parkinsonism treated with trihexyphenidyl; fecal impaction, 973
— psychosurgery (lobotomy, leukotomy) in aged psychiatric patients, 742
— pyramidal-extrapyramidal syndrome, phenothiazine-induced, in brain-damaged patients; effects of antiparkinsonism medication (Artane) for, 920
— thromboembolic disorders: *see also* Vascular system
— tissue components re constants of senile decay, 125
BREAST: *see also* Ovary
— cancer, advanced; systemic effects of androgens and estrogens, 230
— cancer; hormone relationships, 908
— cancer: *see also* Cancer
BROMSULPHALEIN test: *see* Liver and gall bladder
BRONCHI; BRONCHITIS: *see* Lungs and bronchi
BRONCHOPHRAXIS: *see* Lungs and bronchi
BURNS: *see* Skin

C (ascorbic acid): *see* Vitamins
CAFÉ-AU-LAIT spots: *see* Skin
CALCIUM: *see also* Bones and joints
— content of aorta re constants of senile decay, 125
— delayed effects of CV accidents on in the aged, 781
— hypercalcemia during androgen-estrogen therapy in breast cancer, 230
— of serum in patients with leg cramps due to diab. hyperinsulinism; calcium therapy, 602

CANCER (including sarcoma): *see also* Tumors
— adrenal and sex hormones in cancer therapy, 908
— arsenoso (oxophenarsine), iodoacyl, and maleimide sulfhydryl inhibitors in treatment, 313
— as cause of death in the aged; law of parsimony, 534
— breast cancer: *see also* Breast
— carcinoma of cecum in a 97-year-old woman; benign postop. course, 385
— carcinoma of prostate; is it less serious in older men?; mortality and life expectancy, 791
— certain systemic manifestations, e.g., thrombophlebitis, 908
— chemotherapy; attack on nucleoprotein; proper use of sulfhydryl inhibitors; sensitivity tests, 313
— chemotherapy; hormones, antimetabolites, alkylating agents, vaccine and tumor antibodies, antitumor antibiotics, 908
— epidemiology; racial and sex statistics; mortality rates; predisposition, 908
— ethical problems of human experimentation, 515, 313
— hormone-dependent cancers, 908
— host-tumor antagonism; progestogen retardation of homograft rejection in rabbits, 765
— host-tumor antagonism; some important aspects of cancer, 908
— in aged Puerto Ricans, 805
— in the elderly; procedures for detection, 73
— leukemia: *see* Blood
— multiple myeloma, 1017
— prostatic: *see also* Prostate
— terminal; understanding the aged, 893
— thyroidal: *see* Thyroid
CARBOHYDRATE METABOLISM: *see also* Diabetes; Pancreas
— and ascorbic acid metab.; cortisone glucose tolerance test, 924
— carbohydrates: *see also* Diet; Nutrition
— dietotherapy for control of diab. hyperinsulinism and narcolepsy, 602, 852
— glucose; effect on EEG in Negroes with narcolepsy and diab. hyperinsulinism, 852
— glucose (morning and afternoon) tolerance testing, 602, 852
CARCINOMA: *see* Cancer
CARDIAC; CARDIOVASCULAR: *see* Heart; Vascular system
CASTOR OIL: *see* Drugs
CATARACTS: *see* Eye
CELESTONE SOLUSPAN: *see* Hormones (betamethasone esters)
CELLS: *see also* Blood; Tissues
— genetics and biochemistry as applied to study of the personality, 723
— growth of cecal cancer cells in 97-year-old woman, 385
— growth rate of cancer in the elderly, 73
— mutagens in our environment, 531
— nucleic acid synthesis and cancer chemotherapy, 908
— nucleoprotein; attack on in clinical cancer chemotherapy, 313
— of bronchial glands in the elderly, 799
— of vagina: *see* Uterus and vagina
— reaction to physiol. saline in hydrotherapy of burns, 900
— survival of clone, re constants of senile decay, 125
CENTRAL NERVOUS SYSTEM: *see* Brain; Nervous system
CEREBRAL: *see* Brain
CEREBROSPINAL FLUID: *see* Brain; Nervous system
CEREBROVASCULAR DISEASE: *see* Brain; Vascular system
CERUMEN: *see* Ear
CERUMENOLYTIC agent: *see* Drugs
CERVICAL
— neck: *see* Bones and joints (spine); Vascular system (vessels)
— uterus: *see* Uterus and vagina
CHALLENGING processes of aging; some causes and remedies, 44
CHEMICAL composition of enzyme-fractionated aged heart tissue, 94
CHEMOTHERAPY: *see* Drugs
CHILDREN: *see also* Age
— American Negro; dietotherapy for prevention of narcolepsy and diab. hyperinsulinsm, 852
— childhood and adolescence; role of family doctor, 29
CHLORAMBUCIL: *see* Drugs (alkylating agents)
CHLORIDES: *see* Electrolytes; Sodium
CHOLECYSTITIS; CHOLELITHIASIS: *see* Liver and gall bladder
CHOLECYSTOSTOMY: *see* Liver and gall bladder

CHOLESTEROL: *see also* Lipids
— hypercholesterolemia (incl. diab. hyperinsulinism with narcolepsy); triparanol myxedema, 520
— triparanol therapy for lowering cholesterol in heart disease; myxedema as sequel, 520
CHRONIC
— brain syndrome: *see* Brain; Mental
— bronchitis: *see* Lungs and bronchi
— chronically ill aged in nursing homes; social factors and family conflicts, 845
— chronically ill; remocreaction, 967
— chronically ill; the nursing home as a facility for, 509
— CV accidents: *see also* Brain; Vascular system; Mental
— diffuse peripheral arteriosclerosis treated with folic acid and vitamins B and C, 935
— illness; extent of concern and planning for, by the aged, 152
— invalidism and premature aging, 650
CHRONICALLY ILL: *see* Chronic; Age; Geriatrics; Cancer; Mental; and under system involved
CIGARETTES: *see* Smoking
CIRCULATION: *see* Vascular system; Heart; Blood
CLAUDICATION: *see* Vascular system (periph. vasc. disease)
CLIMACTERIC: *see* Ovary (menopause)
COBALT-IRON therapy for iron-deficiency anemia, 425
COLD: *see* Temperature
COLLAGEN: *see also* Tissues
— arthritis: *see* Bones and joints
COLON: *see* Gastrointestinal tract
COMMUNITY relationships: *see* Age; Geriatrics; Mental; Socio-economic
COMPLAMIN: *see* Drugs (xanthinol niacinate)
CONFERENCES; CONGRESSES: *see* News and Notices
CONJUNCTIVA: *see* Eye
CONNECTIVE TISSUE: *see also* Cells; Tissues
— arthritic diseases: *see* Bones and joints
CONSTANTS of senile decay, 125
CONSTIPATION: *see* Gastrointestinal tract
CONTAGIOUS disease; old age, 343
CONTENTS of Volume XIII: *see* December issue, page iii
CONTINUATION GRANT: *see* American Geriatrics Society, Awards
CONVALESCENT homes: *see* Age; Geriatrics; Medical; Mental
CORONARY ARTERY disease: *see* Heart; Vascular system
CORTICOSTEROIDS: *see* Hormones (adrenal)
CORTISONE: *see* Hormones
COURSES: *see* News and Notices
CRAMPING of legs: *see* Vascular system; Legs
CREAMS: *see* Drugs; Hormones
CYCLOPHOSPHAMIDE: *see* Drugs (alkylating agents)
CYSTITIS: *see* Urinary tract; Infections
CYTOLOGIC: *see* Cells; Uterus (vaginal smears)
CYTOXAN: *see* Drugs (alkylating agents, cyclophosphamide)

DEANER: *see* Drugs (2-dimethyl-aminoethanol)
DEATH: *see* Mortality
DEBRIDEMENT: *see* Surgery; Hydrotherapy
DECUBITUS lesions: *see* Skin
DENTAL; DENTISTS: *see* Teeth
DEPRESSION; DEPRESSIVE SYMPTOMS: *see* Mental
DERMATITIS; DERMATOSES: *see* Skin
DIABETES MELLITUS: *see also* Carbohydrate metabolism; Insulin; Hormones; Pancreas
— as cause of death in the aged; law of parsimony, 534
— diabetogenic hyperinsulinsim and narcolespy in American Negro; social and public health aspects, 852
— diabetogenic hyperinsulinism, narcolepsy and hypercholesterolemia; relation to thyroid therapy, 520
— diabetogenic hyperinsulinism re leg cramps and "restless" legs; dietotherapy, 602
— frequency among American Negroes, 852
— glucose: *see also* Carbohydrate metab.
— glucose tolerance testing, morning and afternoon, re diab. hyperinsulinism, 520, 602, 852
— insulin activity: *see also* Insulin; Pancreas
— neuropathy treated with nandrolone, 166
— or prediabetes, as indicated by cortisone glucose tolerance pattern, 924
— skeletal complications treated with betamethasone esters, 275
DIABETOGENIC HYPERINSULINISM: *see* Diabetes; Insulin
DIARRHEA: *see* Gastrointestinal tract

DIAZEPAM: *see* Drugs
DIET: *see also* Nutrition; Vitamins
— dietotherapy for leg cramps and "restless" legs due to diab. hyperinsulinism, 602
— dietotherapy in rehab. of American Negroes (especially children) with diab. hyperinsulinism and narcolepsy, 852
— high or low sodium; effect on electrolyte levels in aged with CV accidents, 781
— nutritional value of food consumed by community-assisted elderly in Jerusalem, 561
DIETHYLSTILBESTROL: *see* Hormones
DIGITALIS: see Drugs; Heart
DILANTIN: *see* Drugs (diphenylhydantoin)
DIMETHYL-AMINOETHANOL: *see* Drugs
DIMETHYLPOLYSILOXANE: *see* Drugs (simethicone)
DIPHENYLHYDANTOIN: *see* Drugs
DISABILITY; DISABLED: *see* Age; Geriatrics; Chronic; Mental; Rehabilitation; Socio-economic
DISIPAL: *see* Drugs (orphenadrine)
DIURESIS; DIURETICS: *see* Heart; Kidney; Urine; Water; Drugs (diuretics)
DIVERTICULUM, Meckel's: *see* Gastrointestinal tract
DOCTOR: *see also* Physicians
— family doctor; role in childhood and adolescence, 29
DOXAPRAM: *see* Drugs
DROWSINESS: *see* Sleep; Drugs (hypnotics, sedatives, tranquilizers, etc.)
DRUGS: *see also* Hormones
— acetophenazine (Tindal) in older schizophrenics, 57
— actinomycin in cancer chemotherapy, 908
— adrenal steroids: *see* Hormones; Steroids
— alcohol: *see* Alcohol
— alkylating agents [mechlorethamine (Mustargen); chlorambucil (Leukeran); triethylmelamine (TEM); cyclophosphamide (Cytoxan); triethylenephosphoramide (TEPA)] in cancer therapy, 908
— anabolic steroids: *see* Hormones; Steroids
— analgesic, non-narcotic; pentazocine, 775
— androgens: *see* Hormones; Steroids; Testis
— anthraquinoidal glycosides plus Entozyme in prep. for urinary-tract radiography, 589
— antibacterials and antibiotics for pyelonephritis; tests, 296, 947
— antibiotic therapy re geriatric patients with positive serologic findings (syphilis), 462
— antibiotics (antitumor) in treatment of cancer, 908
— anticoagulants; problems in the aged, 118
— antihypertensive agents; problems in the aged, 118
— antimetabolites (aminopteroylglutamic acid, methotrexate, 6-mercaptopurine, 5-fluorouracil) in cancer therapy, 908
— antiparkinsonism medication for phenothiazine-induced syndrome, 920
— betamethasone esters (Celestone Soluspan): *see* Hormones
— bisacodyl (Dulcolax) suppository as an enema substitute, 78
— bisacodyl (Dulcolax) suppository; comparison with enzyme-senna combination in prep. for urinary-tract radiography, 589
— castor oil; comparison with enzyme-senna combination in prep. for urinary-tract radiography, 589
— cerumenolytic agent (X-Wax); aqueous "solubilized" suspension of lanolins, higher fatty alcohols and their esters, 527
— chemotherapy for cancer in the elderly, 73
— chemotherapy: *see also* Cancer; Infections
— cholesterol-reducing drugs; *see also* Cholesterol
— chymotrypsin(Avazyme) - tetracycline prep. for enhancing tetracycline levels in blood and urine, 708
— cobalt-iron (Roncovite-MF) therapy for iron-deficiency anemia, 425
— cortisone: *see* Hormones
— diazepam (Valium) suspension; effects in geriatric psychiatric patients, 355
— diethylstilbestrol: *see* Hormones
— digitalis; problems in the aged, 118, 973
— 2-dimethyl-aminoethanol (Deaner) in treatment of geriatric institutional groups, 325

— diphenylhydantoin (Dilantin) in treatment of diab. hyperinsulinism, 602, 852
— diuretics, thiazides; problems in the aged, 118
— doxapram (AHR-619); effects in the awake human; comparison with ethamivan and nikethamide, 160
— drug management of geriatric CV disorders, 118
— drug susceptibility tests, 296, 313, 947
— enzyme combination (Gustase, Bilenzyme) for certain gastrointest. disorders, 469
— enzymes, pancreatic, and bile salts (Entozyme) plus anthraquinoidal glycosides, in prep. for urinary-tract radiography, 589
— Epsom salts soaks in treatment of decubitus ulcers, 538
— estrogen-progesterone cream: *see* Hormones
— estrogens: *see* Hormones; Ovary
— ethamivan compared with doxapram, 160
— ethamivan (Emivan) for chronic brain syndrome, 550
— ethical problems in human experimentation, 515, 313
— fluorouracil (Fluoruracil) in cancer therapy, 908
— folic acid and vitamins B and C (Folbesyn) for chronic diffuse periph. arteriosclerosis, 935
— for low back pain, 80
— for multiple myeloma, 1017
— heparin sodium in treatment of geriatric institutional groups, 325
— hormones: *see* Hormones; and under endocrine gland involved
— hypoglycemic drugs: *see also* Diabetes; Hormones
— hydrogen peroxide as a cerumenolytic agent; comparison with X-Wax, 527
— hydrogen peroxide in regimen for decubitus ulcers, 538
— imipramine (Tofränil) in older schizophrenics, 57
— insulin: *see* Diabetes; Insulin; Pancreas
— medroxyprogesterone: *see* Hormones
— methylphenidate (Ritalin); analeptic drug for narcolepsy and diab. hyperinsulinism, 602, 852
— nandrolone phenpropionate (Durabolin): *see* Hormones; Steroids
— new drugs accepted by FDA; announcements: *see* News and Notices
— nikethamide compared with doxapram, 160
— nitrofurazone-estrogen (Furestrol) vaginal suppositories for atrophic vaginitis, 828
— orphenadrine (Disipal) in treatment of parkinsonism, 756
— oxophenarsine (Mapharsen) in cancer chemotherapy, 313
— papaverine (Pavabid Plateau Caps) in the treatment of peripheral vascular disease, 815
— pentazocine (Talwin), a new non-narcotic analgesic, 775
— perphenazine (Trilafon) in long-term treatment of psychiatric patients; weight, B.P., WBC, 253
— phenothiazine-induced syndrome; effects of antiparkinsonism medication thereon, 920
— progestational agents: *see* Hormones
— rauwolfia; problems in the aged, 118
— rauwolfia with bendroflumethiazide (Rautrax-N) for hypertension, 365
— reactions to drugs in 500 elderly hospitalized patients, 973
— saline, physiological, in hydrotherapy of burns, 900
— sedatives; problems in the aged, 118
— senna glycosides in a compound used for urinary-tract radiography, 589
— simethicone (methylpolysiloxane) for dispersion of gastrointestinal gas in x-ray studies, 307
— spironolactone-hydrochlorothiazide (Aldactazide-A) for refractory cardiac edema, 655
— steroids: *see* Hormones; Steroids
— stilbestrol: *see* Hormones
— sulfhydryl inhibitors in cancer chemotherapy; sensitivity tests, 313
— sulfonamides for pyelonephritis, 296, 947
— testosterone: *see* Hormones; Testis
— tetracycline (Achromycin)-chymotrypsin prep. for enhancing tetracycline levels in blood and urine, 708
— trifluoroperazine (Stelazine) in older schizophrenics, 57
— trihexyphenidyl (Artane) and fecal impaction, 973

— trihexyphenidyl (Artane) for treatment of parkinsonism, 756
— trihexyphenidyl (Artane) for treatment of phenothiazine-induced pyramidal syndrome in elderly brain-damaged patients, 920
— triparanol (MER/29) myxedema, 520
— tybamate (Solacen) for geriatric anxiety, depression and behavioral reactions, 449
— vaccines and tumor antibodies in treatment of cancer, 908
— vitamins: *see also* Vitamins
— xanthinol niacinate (Complamin) in treatment of geriatric institutional groups, 325
DULCOLAX: *see* Drugs (bisacodyl)
DUODENUM: *see* Gastrointestinal tract
DURABOLIN: *see* Steroids; Hormones (nandrolone phenpropionate)
DYSPNEA: *see* Lungs and bronchi
DYSRHYTHMIAS, cerebral: *see* Brain (EEG testing)

EAR
— cerumenolytic agent; new, potent, 527
— hearing aids for the aged, 998
— hearing difficulties re psychologic tests for the aged, 243
ECG: *see* Heart
ECHOENCEPHALOGRAPHY: *see* Brain
ECONOMICS: *see* Socio-economics
EDEMA: *see also* Heart; Kidney; Urine (diuresis); Weight; Water
— during estrogen-androgen therapy in breast cancer, 230
— refractory, cardiac; treatment with spiroloactone-hydrochlorothiazide, 655
EDITORIALS, 475, 1001
EDUCATION: *see also* Medical; Research; Rehabilitation; Socio-economic
— medical; role of geriatrics and gerontology, 699
— of physicians: *see also* Physicians
EEG: *see* Brain
ELDERLY: *see* Age; Geriatrics
ELECTROCARDIOGRAM (ECG): *see* Heart
ELECTROENCEPHALOGRAM (EEG): *see* Brain
ELECTROLYTES: *see also* Calcium; Nitrogen; Potassium; Sodium
— during treatment of edema with spironolactone-hydrochlorothiazide, 655
— electrolyte homeostasis in the aged; delayed effects of CV accidents on, 781
— of blood in diab. hyperinsulinism with leg cramps, 602
— saline, physiological, in hydrotherapy of burns, 900
EMBOLISM: *see* Vascular system; Brain; Heart
EMIVAN: *see* Drugs (ethamivan)
EMOTION: *see* Mental
EMPHYSEMA: *see* Lungs and bronchi
ENDOCRINE: *see* Diabetes; Hormones; Sex; and under each endocrine gland
ENEMAS: *see* Gastrointestinal tract
ENERGY; change from potential to kinetic in personality development; effect of age, 772
ENTOZYME: *see* Drugs (enzymes)
ENZYMES
— chymotrypsin-tetracycline prep. to enhance blood and urine tetracycline levels, 708
— enzyme combination (Gustase, Bilenzyme) for treatment of certain gastrointest. disorders, 469
— enzyme-fractionated aged heart tissue; chemical composition, 94
— enzyme imbalance and the aging process, 469
— pancreatic, and bile salts (Entozyme) plus senna glycosides in prep. for urinary-tract radiography, 589
— transaminase (SGOT, SGPT) of blood in study of barium-enema hazards re CV disease, 672
EOSINOPHILS: *see* Blood
EPIDEMIOLOGY of cancer, 908
EPSOM SALTS: *see* Drugs
ERYTHROCYTES: *see* Blood
ESTROGENS: *see* Hormones; Ovary; Sex
ETHICAL problems of human experimentation, 515, 313
ETHAMIVAN: *see* Drugs
EXERCISE: *see* Physical; Medical; Rehabilitation
EXPERIMENTATION: *see* Research
EXPLANATION of official status of Journal, 1, 93, 191, 295, 397, 495
EYE
— cataracts, macular degen., vascular changes, eyelid lesions, in the aged, 398
— glaucoma in the aged, 398
— intraocular pressure (re glaucoma) and increasing age, 599

— ocular circulation evaluated rheographically, 35
— ophthalmologic problems and psychiatric status in the elderly, 573
— problems, eye, of the aged, 398
— repair of retinal detachment; an announcement, 581
— ultrasonography re location of foreign bodies in, 887
— visual difficulties re psychologic tests for the aged, 243

FAMILIAL: *see also* Genetic
— hereditary predisposition to cancer?, 908
— narcolepsy and diab. hyperinsulinism, 602, 852
FAMILY: *see also* Medical; Mental; Socioeconomic
— doctor: *see* Physicians
— families of aged patients; physician's role in guidance, 348
— nursing-home population; family conflicts, 845
FAT: *see* Nutrition; Obesity; Lipids
FATTY ALCOHOLS and esters: *see* Drugs (cerumenolytic agent)
FEMALE: *see* Sex; Ovary; Hormones; Uterus; Breast
FISTULA: *see* Gastrointestinal tract; Liver and gall bladder; Urinary tract
FLUORESCENCE microscopy for detection of amyloid in senile states, 199
FLUOROURACIL; FLUORURACIL: *see* Drugs

FOLIC ACID
— antagonists: *see* Drugs (antimetabolites); Cancer
— therapy: *see* Drugs; Vitamins
FOOD: *see also* Diet; Nutrition
— bolus of food as cause of sudden unexpected death in regressed schizophrenics, 663
FRACTURES: *see* Bones and joints
FUNCTIONAL HYPERINSULINISM: *see* Diabetes; Insulin
FURESTROL: *see* Drugs (nitrofurazone-estrogen); Hormones

GALL BLADDER: *see* Liver and gall bladder
GANGRENE: *see* Vascular system
GAS
— blood: *see* Blood, arterial
— intestinal: *see* Gastrointestinal tract
— pulmonary function tests: *see* Lungs and bronchi
GASTRIC; GASTRITIS: *see* Gastrointestinal tract
GASTROINTESTINAL TRACT
— absorption of tetracycline enhanced by combination with chymotrypsin, 708
— barium-enema hazards as studied by ECG telemetry, 672
— bisacodyl suppository as an enema substitute, 78
— cecum; carcinoma of in 97-year-old woman, 385
— enema, fatal, in schizophrenic with acquired megacolon, 663
— fecal impaction re parkinsonism treated with Artane, 973
— gas; dispersion with simethicone in prep. for special x-ray studies, 307
— gastrointestinal disorders due to enzyme imbalance; treatment with enzyme combination, 469
— gastrostomy; value for feeding or decompression; contraindications, 270
— hernia, large incisional; repair with Marlex mesh; decompression gastrostomy, 455
— in aged Puerto Ricans, 805
— intestinal gas in urinary-tract radiography; reduction by prep. with Entozyme plus senna glycosides, 589
— Meckel's diverticulum; incidence; diagnosis, 903
— megacolon, acquired, in schizophrenic patient; fatal shock after enema, 663

— vaginitis, atrophic, treated with nitrofurazone-estrogen suppositories, 828
— vagino-perineal disorders, atrophic and senile; estrogen-progesterone cream versus estrogen cream in treatment, 820

VACCINES: *see* Immunology
VAGINA; VAGINITIS: *see* Uterus and vagina
VALIUM: *see* Drugs (diazepam)
VASCULAR SYSTEM: *see also* Heart; Blood
— action of doxapram; blood gases, B.P., ECG, 160
— amyloid deposits, 199, 718
— angiokeratoma; pain treated with non-narcotic pentazocine, 775
— antihypertensive drugs; anticoagulants; problems in the aged, 118

— aorta; calcium content re constants of senile decay, 125
— aortography problems in the aged, 3
— arteriosclerosis and the serum PBI level, 212
— arteriosclerotic CV disease; barium-enema hazards studied by ECG, 672
— blood flow, peripheral; effect of aging on distribution of, 192
— blood pressure in schizophrenics; changes with 3 drugs, 57
— blood pressure; long-term effect of perphenazine, 253
— cardiovascular disorders, geriatric; problems in drug management, 118
— cardiovascular system in aged Puerto Ricans, 206
— cardiovascular: *see also* Heart
— cerebral and ocular circulation; rheographic eval. of in CV disease, 35
— cerebral arteriosclerosis; effects of heparin and niacinate in institutional groups, 325
— cerebral, cervical, thoracic, coronary, aortic (aneurysm), and abdominal (iliac) arteries in the aged; various aortography methods, 3
— cerebrovascular accidents; delayed effects on electrolyte homeostasis in the aged, 781
— cerebrovascular and pancreatic amyloid in presenile and senile states; fluorescence microscopy, 199
— cerebrovascular: *see also* Brain
— embolism, pulmonary, recurrent; refractory dyspnea a symptom of; diagnostic difficulties, 748
— heart disease and diabetes as causes of death; law of parsimony, 534
— hemiplegia; principles of rehabilitation, 542
— hypertension treated with rauwolfia-bendroflumethiazide, 365
— in aged Puerto Ricans, 805
— ischemia, peripheral vascular, treated with sustained-action papaverine, 815
— leg cramps and "restless" legs in diab. hyperinsulinism; dietotherapy, 602
— peripheral AS chronic vascular disease of legs treated with folic acid and vitamins B and C, 935
— shock, fatal, after enema given to schizophrenic with acquired megacolon, 663
— thrombophlebitis as a systemic sign of cancer, 908
— vascular congestion (histologic) in bronchi of the aged, 799
— vascular disorders of the eye in old age, 398
— vascular width re age, 20
VASODILATOR drugs: *see* Drugs; Vascular system
VEINS: *see* Vascular system
VENEREAL disease: *see* Syphilis
VENTILATION: *see* Lungs and bronchi
VERTEBRAE: *see* Bones and joints
VETERANS: *see* Age; Geriatrics; Medical; Mental; Rehabilitation; Socio-economic
VIRUSES: *see* Infections
VISION; VISUAL: *see* Eye
VITAL CAPACITY: *see* Lungs and bronchi
VITAMINS: *see also* Diet; Nutrition
— B and C and folic acid (Folbesyn) for chr. diffuse periph. arteriosclerotic vasc. disease, 935
— C (ascorbic acid) and carbohydrate metabolism; cortisone glucose tolerance test, 924
— intake in community-assisted (Jerusalem) elderly, living alone or as couples, 561

WATER: *see also* Kidney; Urine; Urinary tract
— body water re constants of senile decay, 125
— diuresis: *see* Drugs (diuretic); Edema; Heart; Kidney
— edema: *see* Edema; Heart; Weight
— fluid retention during estrogen-androgen therapy for breast cancer, 230
— hydrotherapy of burns; use of physiol. saline, 900
— intoxication re leg cramps due to diab. hyperinsulinism, 602
WAX, aural: *see* Ear
WECHSLER tests: *see* Mental (psychologic tests)
WEIGHT: *see also* Nutrition; Obesity
— anabolic agents: *see also* Hormones; Protein
— body weight and organ size re age, 20
— body weight in schizophrenics; changes with 3 drugs, 57
— body weight re constants of senile decay, 125

— diuresis: *see also* Kidney; Heart; Drugs (diuretic)
— edema: *see also* Edema; Heart; Kidney; Drugs (diuretic)
— long-term effects of perphenazine on, 253
— malnutrition: *see* Nutrition
WELFARE, social: *see* Age; Geriatrics; Mental; Retirement; Rehabilitation; Socioeconomic
WHAT is a person?, 723
WORK TOLERANCE: *see* Mental; Rehabilitation
WORKSHOP programs: *see* Mental; Rehabilitation

X-RAYS: *see* Radiation
X-WAX: *see* Drugs (cerumenolytic agent)
XANTHINOL NIACINATE: *see* Drugs

CONTENTS OF VOLUME XIII

No. 1, January 1965

An Explanation of the Official Status of Our Journal 1
Obituary—Edward Bartlett Allen 2
Aortography Problems in the Aged Patient. *Richard D. Kittredge and Nathaniel Finby* 3
Medical Evaluation of the Psychiatric Patient. *Edgar R. Palarea* 14
Uncertainties in Geriatric Data. II. Organ Size. *N. O. Calloway, C. F. Foley and Philip Lagerbloom* 20
The Role of the Family Doctor in Childhood and Adolescence. *Marjorie E. Conrad* 29
Rheographic Regional Method for Evaluation of Cerebral and Ocular Circulation in Cardiac and Cerebrovascular Disease. *Stanley A. Ziemnowicz-Radvan* 35
The Challenging Process of Aging: Some Causes and Remedies. *Steve Kurasik* 44
Geriatric Patients Do Have Surgical Problems. *Lyall O. Bishop* 52
Behavioral Improvement in the Older Schizophrenic Patient: Drug and Social Therapies. *Gilbert Honigfeld, Marcus P. Rosenblum, Irving J. Blumenthal, Henry L. Lambert and Arthur J. Roberts* 57
Cancer in the Elderly. *Ian Macdonald* 73
A Bisacodyl Suppository As an Enema Substitute. *Roswell W. Phillips* 78
Low Back Pain and Sciatica in Elderly Patients. *M. L. Riccitelli* 80
Letter to the Editor: Request for Favorite Medical Quotations. *Maurice B. Strauss* 91
News and Notices 91
The American Geriatrics Society
Awards *35*
The 1965 Annual Meeting, New York *36*

No. 2, February 1965

An Explanation of the Official Status of Our Journal 93
Chemical Composition of Enzyme-Fractionated Aged Heart Tissue. *Fred Andrews, Johan Bjorksten, Chester Underwood, David Thomson and Perttu Laakso* 94
Obligations of the Practicing Physician in Total Health Care of the Aged. *Austin B. Chinn* 103
Panel Discussion—Psychiatric Aspects of Geriatric Patients
The Neurology and Psychiatry of Old Age. *George N. Thompson* 108
Social and Related Factors Leading to Psychiatric Hospitalization of the Aged. *Marjorie Fiske Lowenthal* 110
A Comparative Study of the Neuropathologic Findings in Senile Psychoses and in "Normal" Senility. *N. Malamud* 113

Problems in Drug Management of Cardiovascular Disorders in Geriatric Patients. *John W. Keyes* ... 118
Constants of Senile Decay. *N. O. Calloway* ... 125
Selection of Geographically Stable Subjects in Longitudinal Studies of Aging. *Charles L. Rose and Benjamin Bell* ... 143
Observations on the Extent of Concern and Planning by the Aged for Possible Chronic Illness. *Dorothy K. Heyman and Frances C. Jeffers* ... 152
Pharmacologic Effects of Doxapram in the Awake Human. *Murray J. Miller and Howard T. Fiedler* ... 160
Observations on the Treatment of Postherpetic Neuralgia with Nandrolone. *H. J. Roberts* ... 166
Physical, Emotional and Social Rehabilitation in a Nursing-Home Population. *Michael B. Miller* ... 176
News and Notices ... 186
The American Geriatrics Society
Awards ... *33*
The 1965 Annual Meeting, New York ... *34*

No. 3, March 1965

An Explanation of the Official Status of Our Journal ... 191
The Effect of Increasing Age on the Distribution of Peripheral Blood Flow in Man. *A. Douglas Bender* ... 192
Fluorescence Microscopy Demonstration of Cerebrovascular and Pancreatic Insular Amyloid in Presenile and Senile States. *Philip Schwartz, J. Kurucz and A. Kurucz* ... 199
The Cardiovascular System in Aged Puerto Ricans: A Study on Persons 80 Years of Age or Older. *Ramón M. Suárez, Sr. and Ramón M. Suárez, Jr.* ... 206
The Serum Protein-Bound Iodine Level in Acute Myocardial Infarction. *Gordon J. Azar* ... 212
Five-Year Psychiatric Assessment of the Patients in an Out-Patient Geriatric Guidance Clinic. *Robert L. Wolk, E. Louis Reder, Rochelle B. Seiden and Vivian Solomon* ... 222
Systemic Effects of Androgenic and Estrogenic Hormones in Advanced Breast Cancer. *B. J. Kennedy* ... 230
Relationship Between the S_1-S_2-S_3 Electrocardiographic Syndrome and Heart Disease in Older Men. *George E. Maha and Edward W. Heckert* ... 236
Problems of Psychologic Testing with Aged Patients in a Geriatric Mental Hygiene Clinic. *Morris Wisotsky and Jacob H. Friedman* ... 243
Establishment of Work Tolerance Limits for Participation in a Sheltered Workshop Program in a Home for the Aged. *Norman N. Frenkiel, Jacob Reingold, Herbert Rusalem and Allen Speiser* ... 248
A Long-Term Study of 12 Hospitalized Psychiatric Patients Treated with Perphenazine. *Herbert Fleischl and Bernard J. Hartman* ... 253

Cervical Spondylosis: Case Report. *J. L. Rudd* 261
Gastrostomy: An Ancillary Surgical Procedure. *Eugene C. Weinstein, Takeshi Hayashida and P. LeMon Clark, III* 270
Local Injection of a Preparation Containing Two Betamethasone Esters in the Treatment of Noninfectious Musculoskeletal Disorders. *H. J. Roberts* 275
News and Notices 292
Am. Geriatrics Society-Lederle Suppl. Grants for Residents 294
The American Geriatrics Society
Awards *35*
The 1965 Annual Meeting, New York *36*

No. 4, April 1965

An Explanation of the Official Status of Our Journal 295
Essential (Primary) and Secondary Pyelonephritis. *Harry Seneca* 296
Preparation for Special X-ray Studies with Simethicone. *Donald C. Ausman* 307
Attack on Nucleoprotein in Clinical Cancer Chemotherapy. *Frances E. Knock* 313
Comparison of the Effects of Heparin Sodium, Xanthinol Niacinate (Complamin) and 2-Dimethyl-Aminoethanol (Deaner) in Institutionalized Geriatric Groups. *Ronald M. Lawrence and Nathan S. Leichman* 325
A Contagious Disease: Old Age. *Robert L. Wolk and Rochelle B. Seiden* 343
Emotional Problems of the Aged and Those Who Care for Them. *Bertram B. Moss* 348
Effects of Diazepam Suspension in Geriatric Patients Hospitalized for Psychiatric Illnesses. *Gaston P. de Lemos, Wilfred R. Clement and Eugene Nickels* 355
Geriatrics in Biblical and Talmudic Literature. *Harry A. Savitz* 360
Rauwolfia-Bendroflumethiazide in the Treatment of Hypertension. *William J. Reid* 365
Psychiatric Screening in an Old Age Home. *Marvin Hader* 372
Emotional Needs and the Later Years. *Thomas A. Routh* 380
Carcinoma of the Cecum in a 97 Year-Old Woman. *Thomas C. Case and Stephen Naso* 385
News and Notices 388
Am. Geriatrics Society-Lederle Suppl. Grants for Residents 388
Carmelite Sisters-American Geriatrics Society Symposium 390
Proxy Notice, American Geriatrics Society 395
The American Geriatrics Society
Awards *35*
The 1965 Annual Meeting, New York *36*

No. 5, May 1965

An Explanation of the Official Status of Our Journal 397
Eye Problems of the Aged. *Dan M. Gordon* 398
Psychiatric Disability and the Initial Diagnosis of Schizophrenia in Later Life. *Joseph Lerner* 419
Cobalt-Iron Therapy for Iron-Deficiency Anemia. *Donald C. Ausman* 425
Principles of Rate Measurements in Relation to the Radioisotope Renogram and the Thyroidal Uptake Test. *Sol Taplits* 429
Personnel for Activity and Recreation Programs: Qualifications and Function. *Irving Bass* 442
Psychogenic Urinary Retention? Case Report. *Jacob H. Friedman and Herman Wechsler* 447
A New Psychotherapeutic Agent Effective in the Management of Geriatric Anxiety, Depression and Behavioral Reactions. *Eugene J. Chesrow, Sherman E. Kaplitz, Raoul Sabatini, Helga Vetra and Gilbert H. Marquardt* 449
Repair of a Large Incisional Hernia. *Eugene C. Weinstein, Takeshi Hayashida and P. LeMon Clark, III* 455
Hypnotic Susceptibility Assessed in a Group of Mentally Ill Geriatric Patients. *Bernard J. Hartman* 460
Early Syphilis and the Problem of Positive Serologic Findings in the Geriatric Patient. *Alexander William Young, Jr. and Phi-An Sun* 462
Relationship between Enzyme Imbalance and the Aging Process. *M. L. Riccitelli and Jerome Weiss* 469
Editorial—The Aging Investigator. *Alvan G. Foraker* 475
Books Received 477
News and Notices 479
Carmelite Sisters-American Geriatrics Society Symposium 479
American Geriatrics Society, By-Laws 483
Proxy Notice, American Geriatrics Society 493

Awards *35*
Program of the 1965 Annual Meeting, New York *36*

No. 6, June 1965

An Explanation of the Official Status of Our Journal 495
Cholecystostomy As Definitive Therapy in the Aged with Acute Cholecystitis. *V. Glenn Crosby and Sidney E. Ziffren* 496
Temporal Design of Geriatric Research. *N. O. Calloway* 501
The Nursing Home As a Facility for the Management of the Chronically Ill. *Leon J. Taubenhaus* 509
Ethical Problems of Human Experimentation. *Frances E. Knock* 515
Triparanol Myxedema. *H. J. Roberts* 520
A Potent New Cerumenolytic Agent—Aqueous "Solubilized" Suspension

of Lanolins, Higher Fatty Alcohols and Their Esters. *Edward Settel* ... 527
Mutagens in Our Environment. *O. S. Glatt* ... 531
The Law of Parismony and the Geriatric Population. *Paul J. Davis* ... 534
Decubitus Ulcers in the Sick Aged. *Charles Harris* ... 538
Principles of Rehabilitation in Hemiplegia. *Karen Shahnazarian* ... 542
The Hospital Service Clinic—A Work Modality for the Geriatric Mental Patient. *Aaron S. Mason* ... 545
Ethamivan in the Management of Chronic Brain Syndrome. *L. Dean Hamilton and Jesse L. Bennett* ... 550
The Need for Recreational Therapy in Hospitals, Nursing Homes and Homes for the Aged. *Steve Kurasik* ... 556
Factors in the Nutrition of Elderly People Living Alone or As Couples and Receiving Community Assistance. *K. Guggenheim and I. Margulec* ... 561
Respiration in Older People. *Joseph Lubart* ... 569
Studies in Basic Gerontologic Research. Ophthalmologic Problems and Psychiatric Status in Elderly Patients. *Marvin Hader* ... 573
News and Notices ... 581
The American Geriatrics Society
Awards ... *35*
Officers; Board of Directors; Fellowship ... *36*
Program of the 1965 Annual Meeting, New York ... *37*

No. 7, July 1965

An Improved Method of Preparation for Radiological Examination of the Urinary Tract. *S. F. Liu and R. H. Bradley* ... 589
The Aging Adult Liver. I. Bromsulphalein and Bilirubin Clearances. *N. O. Calloway and Robert S. Merrill* ... 594
Increasing Age and Intraocular Pressure. *Leon J. Taubenhaus* ... 599
Spontaneous Leg Cramps and "Restless Legs" Due to Diabetogenic Hyperinsulinism: Observations on 131 Patients. *H. J. Roberts* ... 602
Age Differences for Intentional and Incidental Learning and Recall Scores. *Irene M. Hulicka* ... 639
Premature Aging in Relation to Invalidism. *Susanna Dénes* ... 650
Further Experiences with Spironolactone-Hydrochlorothiazide (Aldactazide-A) in the Long-Term Treatment of Refractory Cardiac Edema *Edward Settel* ... 655
Unusual Causes for Sudden Unexpected Death of Regressed Hospitalized Schizophrenic Patients. *Martin H. Wendkos and Bettie W. Clay* ... 663
Hazards of the Barium Enema Examination As Studied by Electrocardiographic Telemetry: Preliminary Report. *Carrol Z. Berman, Martin G. Jacobs and Arthur Bernstein* ... 672
Group Counseling: Experiences with Aging Men in Out-Patient Department. *Bernice E. Bass and Joseph C. Matchar* ... 687

News and Notices 694
The American Geriatrics Society
Awards *33*
Officers; Board of Directors; Fellowship *34*

No. 8, August 1965

The Role of Geriatrics and Gerontology in Medical Education. *Theodore C. Krauss* 699
Enhancement of Blood and Urine Tetracycline Levels with A Chymotrypsin-Tetracycline Preparation. *Harry Seneca and Pat Peer* 708
Amyloid Deposits in the Hearts of Aged Persons. *Philip Schwartz and J. Kurucz* 718
What is A Person? *Richard Aspinall* 723
Erythrocyte Sedimentation Rate in the Aged. *Paul P. Weinsaft and Vincent Haltaufderhyde* 738
Studies in Basic Gerontologic Psychiatric Research. Psychosurgery and Geriatric Psychiatry. *Marvin Hader* 742
Refractory Dyspnea—A Symptom of Recurrent Pulmonary Embolism. *Harry B. Greenberg* 748
A Comparative Study of Trihexyphenidyl (Artane) and Orphenadrine (Disipal) in the Treatment of Geriatric Parkinsonism. *R. R. Strang* 756
Acute Cholecystitis. *Eugene C. Weinstein* 760
Host-Tumor Antagonism. XXXIV. The Use of Progestational Agents to Retard Homograft Rejection in Rabbits; A Pilot Study. *Louis Pelner and Mervin G. Rhoades* 765
The Need for Systematic Re-Evaluation of Capacities in Geriatric Patients. *A Cooper Price* 772
The Pain-Relieving Properties of Pentazocine, a New Non-Narcotic Analgesic. *Milton Ende* 775
Delayed Effects of Cerebrovascular Accidents on Electrolyte Homeostasis in the Aged. *Mardoqueo I. Salomon, Eli Goldstein and Norman Frenkiel* 781
News and Notices 788
The American Geriatrics Society
Awards *35*
Officers; Board of Directors; Fellowship *36*

No. 9, September 1965

Is Carcinoma of the Prostate Less Serious in Older Men? *Stanley E. Rosenberg* 791
The Bronchial Glands in Aging. *J. A. Hernandez, A. E. Anderson, Jr., W. L. Holmes, Nelson Morrone and Alvan G. Foraker* 799
Morbidity and Mortality in Aged Puerto Ricans. *Ramón M. Suárez, Sr. and Ramón, M. Surárez, Jr.* 805

Papaverine in the Treatment of Peripheral Vascular Diseases. *Francis H. Stern* 815
Atrophic and Senile Vagino-Perineal Disorders: New Treatment with an Estrogen-Progesterone Vaginal Cream. *Karl John Karnaky* 820
Nitrofurazone-Estrogen Vaginal Suppositories in the Treatment of Atrophic Vaginitis. *James A. Friedman and Norman Olsen* 828
Basic Psychiatric Gerontologic Research. Psychoanalytic Interpretation in Elderly Brain-Damaged Patients. *Marvin Hadler* 832
Orientating the Young Physician to the Geriatric Age Group and Its Problems. *Donald Dawson* 843
Social Factors and Family Conflicts in a Nursing Home Population. *Michael B. Miller and Audrey P. Harris* 845
The Syndrome of Narcolepsy and Diabetogenic Hyperinsulinism in the American Negro: Important Clinical, Social and Public Health Aspects. *H. J. Roberts* 852
News and Notices 886
The American Geriatrics Society
Awards *35*
Officers; Board of Trustees; Fellowship *36*

No. 10, October 1965

Diagnostic Ultrasonography. *Robert Raskind* 887
Understanding the Aged. *Prescott W. Thompson* 893
The Use of Physiological Saline in the Hydrotherapy of Burns. *Folke Becker* 900
Meckel's Diverticulum. *Eugene C. Weinstein* 903
Host-Tumor Antagonism. XXXV. Some Important Aspects of Cancer. *Louis Pelner* 908
Antiparkinsonism Medication for the Phenothiazine-Induced Pyramidal-Extrapyramidal Syndrome in Elderly Brain-Damaged Patients. *Marvin Hader* 920
Ascorbic Acid and Carbohydrate Metabolism. I. The Cortisone Glucose Tolerance Test. *A. T. S. H. Setyaadmadja, E. Cheraskin and W. M. Ringsdorf, Jr* 924
Treatment of Chronic Diffuse Peripheral Arteriosclerotic Vascular Disease with Folic Acid and Vitamins B and C. *Tibor L. Kopjas* 935
News and Notices 938
Recipients of the American Geriatrics Society Awards for 1965 938
